You are Gabe, a tough-as-nails bounty hunter. Now, with a \$25,000 reward on your head, you're about to embark on a deadly journey that will either see you make your mark in the criminal underworld... or get shot dead in your first day on the job. As

Gabe, you will assume the role of a survivalist, out to survive every ambush that comes your way. You'll have to fight for your life, maneuver around your enemies, and cover your escape in order to see the sun rise over another day. DESPERADOS III: the story Gabe (the story) takes center stage with the help of his friends, Will, Matt, and Jason. They'll provide support, steer you in the right direction, and make sure you have everything you need to make it out of each situation alive. Your goal is to make it out of a rough situation alive, and you'll need all the help you can get. If you wish to remain hidden, you need to be able to get the drop on your enemies and give them the slip, so don't use your gun unless it's absolutely necessary. Gunning down your enemies is not the way to go. You can always find more enemies by taking cover. They don't always have your back, and will never see you coming. You can't rely on a gun, either. Every situation will call for a different weapon, and a different tactic. Use your smarts and go about your business.
